ANIMS

ALL NATIONS INSTITUTE OF MEDICAL SCIENCES

(An arm of PIONEER TRAD)

The ALL NATIONS INSTITUTE OF MEDICAL SCIENCE (ANIMS) is growing to be a multi campus Institution. The Institution is empowered to have "Off Campus study centers" at different places / regions on India.

VISION

To equip the needy but potential young people in both information and skill of Medical Sciences so that they will be able to reach out to the six hundred thousand (Six Lakhs) villages of India to provide quality Medical care both in Hospitals and community settings.

PURPOSE

The ANIMS exists to provide an opportunity for the needy, qualified and potential young women and men in professional Medical & Technical courses with cutting edge skills to suit the needs of health care in the twenty first century.

OBJECTIVES OF ANIMS

To establish Academic Institutions of excellence to train professionals of high competence and commitment.

To affiliate Institutions and colleges and to setup regional centers in India and abroad in a learning network.

To collaborate both Government and voluntary organizations to offer various academic programmes such as Nursing (GNM, B.Sc, M.Sc, Nursing) Medical Laboratory Technology, Radiology, Computer Applications, Hospital administration, leading to the initiation of full fledged Medical School with Research Capabilities in special fields such as,

- ▶ Cardiology ▶ Neurology
- ▶ Odontology ▶ Opthalmology
- ▶ Geriatric Care ▶ Orthopedics
- ▶ Pediatrics ▶ Trauma Care
- ▶ Diabetics etc.

- 🚗 To Provide education for the unprivileged in underdeveloped regions. in India and beyond, to make them self-supportive and content
- 🚗 To provide opportunities for needy students.
- 🚗 To provide health care facilities to the unaffordable vast majority of developing Nations in South Asia.
- 🚗 To create deeper awakening in all spheres of society that they may have greater capacity to take care of health problems and make use of available health services.
- 🚗 To advocate the need for education as a valuable means to both individual and societal development.
- 🚗 To assist pupils in planning, preparing to become health care professionals.
- 🚗 To create to the learning and development needs of knowledge based society.
- 🚗 To create to all round health and well-being of the students including their physical, intellectual, social, emotional and spiritual aspects.
- 🚗 To start and manage (maintain) multi-specialty Hospital and up grade them simultaneously with all sophisticated state of the apt technology for precision and proper affordable Health care for all Human beings regardless of caste, colour, creed, religion, region and race.
